

## 2456 LED

The 2456 LED close-to-ceiling pendant pairs nicely with the 2656 LED traditional pendant and the two models are often used in the same space. This series offers a balance between traditional and contemporary, making it perfect for a variety of spaces from lobbies and entryways to foyers and corridors in applications such as libraries, schools, hotels and more. This unit provides a generous amount of indirect uplight in addition to downlight.
